# As vibrant as life, as colorful as the world

**A FAIRY-TALE WORLD IN THE HEART OF NATURE**

This exceptional park, spanning over 10,000m², stands as the world's largest structure uniquely designed with advanced technology for butterflies to thrive and your comfort to observe. In the 2,000m² tropical forest, where butterflies can thrive in a healthy environment, you can witness 25,000 vibrant butterflies and flocks of tropical birds soaring above you. Meanwhile, you can feed koi fish with your own hands in a mesmerizing pond nourished by waterfalls and streams.

**FUN, EDUCATION, AND DISCOVERY ALL IN ONE**

You're not just surrounded by nature—you're also learning while having fun! You can watch captivating presentations in our 900-seat amphitheater, gain new insights about nature in our meeting and training rooms, and expand your knowledge by watching inspiring documentaries in our cinema. Plus, you can take a relaxing break at our food court area whether it be at the bistro, fast food restaurant, or café to unwind after an eventful day. As you leave this magical world, you can stop by our gift shop and choose an unforgettable souvenir of Butterfly World for yourself or your loved ones to take home with you.

**FROM HONEYBEES TO SILKWORMS**

Are butterflies the only stars here? The wonders of nature at Butterfly World are endless. You can learn fascinating facts about the social life of honeybees by observing them working in their hives, discover the differences between butterflies and moths, and witness how silkworms weaving looms transform into works of art.
